“UNDERSTANDING LIVING THINGS EXCURSION TO MOONLIT SANCTUARY”

30th August 2018

Dear Parents,

As part of our integrated science topic “Understanding Living Things” we have arranged for the Foundation students to visit the Moonlit Sanctuary Wildlife Conservation Park in Pearcedale. Each student will get a hands on, interactive educational experience at the sanctuary where we will be investigating and discovering the unique wildlife that Australia has to offer. The students will participate in two ranger led lessons that will further explore our experiences on the day, as well as have a teacher led interactive kangaroo and wallaby walk.

The students will be travelling on a bus with seatbeats to and from the sanctuary on the day.
